

European style furniture to compliment your home.

# Sitting is believing.

**K S L FURNITURE LTD.**  
QUALITY UPHOLSTERED FURNITURE

*Proudly made in North America*

## North American-made comfort.

Since 1982, our Craftsmen have been using only the finest materials and methods to create magnificently comfortable furniture – for both the traditional and the contemporary markets. We use teak and three colours of cherry for the perfect wood accents and bring in a variety of fabrics and leathers to finish off the most comfortable furniture you'll ever experience.

Along with limited lifetime warranties, we offer personal service – before and after sale. Plus, our ability to customize and provide critical delivery is unmatched by overseas dealers.
